

Which candidate for Governor . . .

Is the one person willing to
speak the real truth on the issues?

“We’ve made sitting on your duff
more financially rewarding than
doing these jobs . . .”

“President Obama and Congress enacted
a law forcing all citizens to participate
in government-run health care.”

“Laziness is not
a disability . . .”

“I believe this action, left unchallenged,
is the beginning of the end of the
America we know and love . . .”

ANDRÉ BAUER

André Bauer knows where he stands,
and he is not afraid to tell you.

Because he believes in hard work and results,
not short cuts or phony promises.

That's how he is running his campaign
for Governor of South Carolina –
just as he has lived his life.

*André Bauer is a lifelong South
Carolinian who embraces our way of life.*

People accuse him of being too blunt, but his straightforward approach to the issues is exactly what South Carolina needs from our elected officials.

André's brand of conservative leadership stems from a career as a small businessman, where he is responsible for the bottom line. And during each of his roles in public service, from the State House of Representatives to serving as our Lieutenant Governor, André Bauer has used his plainspoken, results-based agenda to make South Carolina a better place to work, live and raise a family.

That's why he is running for Governor – to tell the plain truth that voters deserve to hear, and to use every penny of taxpayers' money wisely, like any good businessman.

**André Bauer is the
strongest advocate for our
South Carolina Values:**

- ✓ 100% Pro-Life
- ✓ Proud Evangelical Christian
- ✓ True Fiscal Conservative
- ✓ Avid outdoorsman who appreciates our Second Amendment Rights

**On June 8th, support a Republican who will stand
for our conservative South Carolina values.**
